Tulsa Woman Weds
in First Muskogee
Overall Ceremony

MUSKOGEE, April 28.—The first overall and calico wedding held in Muskogee was a double-header, performed in the Melton hotel, the Rev. New Harris of St. Paul's Methodist church officiating.

The men wore yellow lab-oversalls and the brides' dresses were made of calico.

J. Parker Watson of Boynton claimed Mrs. May Gibson of Tulsa as his bride and Watson, partner in business, Harry Rex Whaley claimed as his bride Mrs. Golda Miloy of Cushing.

It was not only a calico and overall wedding but the consummation of a war romance. They were to have been married in 1918 after this country entered the world war and the men were called to the colors.

One served in France and the other in Siberia. The women waited for them to return. The soldier from Siberia just arrived a few days ago and preparations were made for the wedding.

"We married in overalls and calico so as to be in fashion and at the same time show our patriotism," said Harry Whaley.

COLUMBUS, Ohio, April 28.—With but 103 precincts out of a total of 5,882 in the state missing, returns at midnight from yesterday's presidential primary election in Ohio gave Senator Warren C. Harding a lead of 15,186 votes over Maj. Gen. Leonard Wood. The vote stood:

Harding 125,003; Wood 109,817. Harry M. Daugherty, Harding's campaign manager, has been defeated, on the face of available returns, by William S. Boyd, Cleveland attorney and Wood candidate for delegate at large to the Chicago convention. With only 99 precincts missing Boyd has a lead of 1,814. It was believed this lead might be reduced to approximately 1,000 by later returns.

CHICAGO, April 28.—The result of New Jersey's presidential primary yesterday has stopped the career of the California senator, William C. Clegg, manager of Maj. Gen. Leonard Wood's campaign, announced today. Proctor claimed all the votes in the state for Wood.

The Ohio delegation has been "split in two," Proctor says, and the Harding candidacy certainly cannot survive the result.

COLUMBUS, Ohio, April 28.—With only 199 out of a total of 5,882 precincts in the state missing, returns tonight from yesterday's presidential primary election in Ohio gave Senator Warren C. Harding a lead of 15,186 votes over General Wood. The vote stood:

Harding 125,003; Wood 109,817. Three Harding candidates and one Wood candidate were in the lead in the race for delegate at large to the republican national convention, but late returns today indicated a possibility that four Harding candidates might be elected.

Returns tonight indicated 28 and possibly 31 of Ohio's delegates to the republican national convention will be pledged to Senator Harding, first choice, while seven and possibly 10 of the delegates will be pledged to Wood.

Returning delegates today showed that Hiram Johnson of California pooled 15,000 votes despite the fact that his name was not printed on the ballots.

Harding candidates had no opposition in three counties and appear to have carried 14 districts. Wood candidates apparently were successful in three districts. Two districts were in doubt, but in one of these districts—the nineteenth (Youngstown) one Wood and one Harding candidate appeared to be leading.

BOSTON, April 28.—The organization of the republican and democratic candidates for delegates to the national convention was completed today. The republican delegates were elected by the republican party in the state, and the democratic delegates were elected by the democratic party in the state.

RICHMOND, Ind., April 28.—"I make no charges, but I have a very lively recollection of the fraudulent Minnesota primary and I have wired my friends in New Jersey for detailed information," said Senator Johnson tonight.

"I am delighted with the result in New Jersey. He had just received a telegram from William P. Verdon, telling of charges that he had been robbed in three counties."

Senator Johnson's complete statement, which he wrote out, follows:

"There are some strange circumstances connected with the returns from New Jersey. They are being 'revised' every few hours. Any man who experiences in politics will understand this. I make no charges, but I have a very good recollection of the fraudulent Minnesota primary and I have wired my friends in New Jersey for detailed information."

Previously he had made the following statement while en route to the collision with the train:

"I am delighted with the result in New Jersey. I entered the state without any previous organization and had been assured Wood was expected to lose in which he had a date by a ratio of 5 to 1. But the results show us almost equal. I consider my results in New Jersey the most remarkable thing in my whole campaign."

Senator Johnson said that he did not yet concede New Jersey to General Wood and declared that when the final returns were in he believed they would show he had won.

BOSTON, April 28.—William M. Wood, president of the American Woolen company, here tonight in explanation of the company's annual financial statement which was made public yesterday and showed a net profit for 1919 of \$15,513,415, 1918 reserves for taxes and contingencies.

"There is absolutely no just grounds for the suggestion that this company has charged excessive prices for its cloth or has gained an unreasonable or excessive profit," he said.

Declaring that the high price of clothing is "due to no substantial decrease in profit, which we as manufacturers have made in our cloth," he added:

"The profit of this company on the cloth that goes into an average suit of clothes selling at retail from \$50 to \$65 does not exceed \$1.50 per suit. Our profit on cloth in some cheaper grades will not exceed 30 cents per yard, or less than 10 per cent of the entire per share profit was solely manufacturing profit on our cloth, the average profit on the millions of yards which we manufacture would not exceed \$1 per suit."
